

UR FOG

THE FASTEST FOGGING SECURITY SYSTEMS

FAST 03 1C EASY UR FOG SYSTEM

FAST 03 1C EASY

is the ideal fogging system to protect small /medium areas like shops, homes, garages. When the machine is triggered it shoots all the cylinder, then you just replace it with a new one in a very easy way. The cylinder covers 200 m³ in less than 20 seconds. The price of Fast 03 1C Easy is the most aggressive in the market but its performances are comparable to a top professional machine as speed of fog ejection.

Powerful and fast fogging system, can cover up to 210 m³ in 1 shot.

The most dense fog among all the fogging systems thanks to 80% of glycol in its fog fluid and the proprietary shooting technology.

Removable and no need to recharge patented fog cylinder, it is very easy to change and with a very competitive price.

Thanks to the massive insulation UR FOG fogging systems have a very low power consumption and can shoot for longer time in absence of mains power, temperature is stable all the time.

A unique serial bus to plug on the electronic board an add on card that allows to easily interface the machine with alarms and to control the fogging system even from remote. A standard protocol for all machines.

UR FOG fogging systems are innovative in their technology and performances, in order to guarantee the most effective protection against thefts and they have different patents.

UR FOG fogging systems are certified after European regulation. Fog fluid is assessed as not dangerous for people and animals and does not leave residuals.
